Greetings,

I would like to take our first calendar email of 2014 to share some exciting news!

Hospice of the North Shore and Greater Boston now has a new name... **CareDimensions.**

Our name is new.

Our mission remains the same.

Hospice of the North Shore & Greater Boston has provided compassionate expertise for advanced illness since 1978. As of January 1, we are now Care Dimensions – a name which better reflects the many dimensions of our care, our expanded services and the growing number of communities we serve.

We will continue to provide expert medical care, pain management, and support services coupled with the emotional support and compassion that helps make one of life's most challenging times a little easier.

Our new brand name, tagline and logo now clearly articulates the breadth and depth of care that we provide. Our new name – Care Dimensions – encompasses the multi-dimensions of care, symbolizes the melding of compassion and expertise, and illustrates how we surround patients and their families with care. Our mission remains the same, our leadership and staff remain the same, only our name has changed to better reflect who we are.

Please see our website and video for more info: <http://www.caredimensions.org/>

As mentioned above, our mission and services remain the same! We will continue to offer our unique bereavement services on the North Shore and within Greater Boston/Metro West. Below you will find a list of some of our upcoming support programs. Keep an eye out because new programs will be added in the next few weeks. As always, if you would like to be removed from this mailing please email me here.

My email at hns.org still works but my new email is **EMearkle-Cumming@caresdimensions.org**. Please change it in your address books.

Warmly,

Liz Mearkle-Cumming
